Hey there,

I hope this message finds you well.

Following your instructions and requirements, I've added the Sunbeds booking system to the UI design for your project in Figma.

You can review the designs here:

Everything is coming together nicely so far. If you're satisfied with the designs, I'll proceed with the development phase.

No worries—I'm always available to support your project.

thank tou, its looks good, i want to add chairs to, and not only a bed, and i want to see the sea/ocean that people can see how much they are close to the water, for example the price should be higher if you are in the first line

**Me** Feb 05, 2025, 3:34 PM

Please let me check with it.

yes its better,thank you. can i see the map in my country? and all the beaches that i send to you in israel?

**S** **saarfeld** Feb 05, 2025, 8:50 PM

you need to change thr photos for all of them(they have the same picture), for example kisoski beach or mosh beach

**S** **saarfeld** Feb 05, 2025, 8:50 PM

its need to be like in greece that you did already

**S** **saarfeld** Feb 05, 2025, 8:50 PM

hust to israel

**S** **saarfeld** Feb 05, 2025, 8:50 PM

just

**S** **saarfeld** Feb 05, 2025, 8:52 PM

and to add an option to add a line

**S** **saarfeld** Feb 05, 2025, 8:52 PM

in the chairs and bed

**S** **saarfeld** Feb 05, 2025, 8:54 PM

so for summit:

**S** **saarfeld** Feb 05, 2025, 8:58 PM

1. can i see the map in my country (israel)?the beach like mosh?  
2.change the photos for all of them(in israel they have the same photo, like mosh and kissoski)  
3.add an option to add line for the chairs and beds(when you adding a line its should be smaller)  
4.add an option 2 beds or 2 chairs

**S** **saarfeld** Feb 05, 2025, 8:58 PM

thank you

**Me** Feb 05, 2025, 9:58 PM

Please let me check.
